

Sun Access Inverters

SG 50K3

Features:

- MPPT efficiency > 99.9%
- Free-setting multilingual LCD display functions
- Multiple communication interfaces available to facilitate online monitoring
- Wide DC input voltage range with max. 1000V (optional)
- Wide DC input voltage range
- User-friendly interface allows setting operational data by keys
- Simplify system design by serial connecting multiple inverters
- Auxiliary heater (optional)
- Max. working altitude at 6000m
- CE, DK5940 certifications

Efficiency Curve:
